

**Customer Relationship
Management (CRM)**

The diagram consists of two main nodes. The first node, on the left, is a light pink rounded rectangle with a thick orange border, containing the text 'Customer Relationship Management (CRM)'. A small grey icon of a document with a yellow highlighter is positioned at the top right of this node. A green circle with a horizontal line through it is located on the right side of the pink node. A curved grey line connects this green circle to the second node. The second node, on the right, is a light blue rounded rectangle containing the text 'CiviCRM'. A small grey icon of a document with a yellow highlighter is positioned at the top right of this node.

CiviCRM

Business Back Office

```
graph LR; A[Business Back Office] --- B[OrangeHRM]
```

The diagram consists of two nodes connected by a curved line. The first node, on the left, is a light orange rounded rectangle with a thick orange border, containing the text 'Business Back Office'. A small grey icon with a yellow arrow is positioned at the top right of this node. A green circle with a minus sign is located on the right side of the orange node, where a grey line extends downwards and to the right. The second node, on the right, is a light blue rounded rectangle containing the text 'OrangeHRM'. A small grey icon with a yellow arrow is positioned at the top right of this node.
